

ARTESIAN SPAS™

# PLATINUM ELITE™

# Luxury & Technology converge

The Platinum Elite line for 2016 includes even more innovation, quality craftsmanship, and high-end upgrades, making it the most advanced luxury spa on the market.

## UNMATCHED PERFORMANCE

Experience the ultimate with a level of luxury that is so refined, so beautiful, and so impressive that it is unmistakable. Every aspect of each Platinum Elite spa has been designed to provide the ultimate therapeutic spa experience.

Behind Platinum Elite Spas' graceful lines lies the most powerful, energy efficient, and sophisticated system ever devised for moving and controlling the flow of water in a spa. This personalized DirectFlow® control system moves more water volume through the jets with greater power and adjustability than any other spa in the industry.

"The Platinum Elite...the most advanced luxury spa on the market."

# Ultimate Control

The NEW 2016 Advanced Digital Touch Control System takes spa control to a whole new level. This new, sleek design includes a large, easy-to-read, back-lit LCD screen with simple-to-follow menus available in English, French, German, and Spanish.

The advanced system has technology that allows for comprehensive spa diagnostics and provides reminder messages. Program your spa's temperature and filtration cycles and adjust LED lighting effects with the touch of a finger.

A wireless connection enables complete control at your convenience. Simply download the Artesian Spas Worldwide WiFi App to your smart device and wirelessly connect to your spa. You can ensure that your spa will be ready whenever you want to take a dip by changing settings from your smartphone or tablet.

# Adjust every jet in your spa.

The innovative, patented DirectFlow® direct plumbing system combined with the VARIABLE FLOW CONTROL (VFC) provides each user with the ultimate individual control and hydrotherapy experience possible.

## Custom Pressure

6-14 PSI

## Change the Flow Rate

68-110 GPM

## Modify the Motor Power

3.8-5.8 Amps

## You're in control.

Platinum Elite spas are built with technology that uses less energy and saves you money. Most major spa manufacturers use large, oversized pumps that cost more to operate. Then they divert (divide or split) the water between two or even three different seats. If you are only using one of those seats, you are wasting energy and money.

With DirectFlow, a pump is provided for each seat, which allows for shorter plumbing. No diverter valves are needed. Diverter valves can rob 18 percent of the water flow from the pumps to the jets. Without these valves, there is a reduction in friction, and water flows more powerfully—giving you the ultimate in massage.

### Variable Flow Control

High or Low  
Jet Pressure

## PERSONAL CONTROL FOR EVERY SEAT

Custom Massage Seat | More Efficient | Reduces Operation Cost

### DIRECTFLOW® (PER SEAT)

- **Custom Massage Seat** | Increases efficiency by supplying optimum power and maximum reliability.
- **One Control per Seat** | Each spa seat occupant has their own individual control.
- **Direct Water Flow** | Water flows directly from the pumps to the jets with no diverters, valves, or elbows, thus resulting in maximum output with minimum loss.

### VARIABLE FLOW CONTROL (PER SEAT)

- **Rotate to High or Low** | Rotate to "HI" for a full-pressure massage or to "LO" for a more relaxed massage.
- **Wide Range** | Turn the VFC to any massage power, air pressure, and water flow desired.
- **Energy-Efficient** | When the VFC is turned to "LO," the pumps consume up to 40 percent less power.

# Helix-Inspired Jets

A New Spin on Spa Jet Technology

## A Breakthrough

The Platinum Elite line features a revolutionary breakthrough in hydrotherapy jetting that makes use of the timeless concept of the helix: a curve in three-dimensional space, such as that found in a spiral staircase. This Artesian Spas' patented jet design provides a truly remarkable hydro-massage. Engineered with the idea of the double helix in mind, the jets use a right-directional spiral on the inside of the cylinder. This causes water to spiral out in a twisting motion, providing jet pulsation and heightened massage pressure.

The two largest helix jets, named ProHelix™, provide a high volume of water to massage large muscles in the body. The mid-sized helix jet, called TheraHelix™, is strategically placed in the spa in small groups to massage muscles such as the calves, hamstrings, deltoids, biceps, and triceps. The smallest helix jet, the AccuHelix™, is placed in large groupings to massage larger regions of the body, such as the entire back. As a complete system, four to five different sizes of helix jets are featured in every Platinum Elite Spa model.

In addition to the helix jets, three of the Platinum Elite models are made with custom Hydro Extreme Jets. These two whirlpool jets provide a powerful massage like no other.

## Hydro Extreme Jets

New for the 2016 Platinum Elite line is Artesian Spas' Hydro Extreme Jet technology:

- High Flow Rate
- Deep-Tissue Hydrotherapy
- 5" Jets for Maximum Power
- Strategically Placed

Hydro Extreme Jets take hydrotherapy, relaxation, and luxury to the next level.

# The Platinum Elite Class: An Overview

The creation of the beautiful, organic forms that grace our spas is as much art as it is science. Our intimate processes ensure that our spas are specifically built and shaped for every contour of the body.

Pelican Bay

Piper Glen

## PROGRESSIVE WATER PURIFICATION

Crystal AOP Brilliance combines Crystal AOP™ and the patented FROG® @ease™ system with SmartChlor™ technology. This progressive purification system uses a 7-step process with smart technology. Enjoy crystal-clear, purified, clean water that requires low maintenance and simple cartridge replacement.

## GUARANTEED QUALITY

This superior spa comes with one of the most comprehensive warranties in the industry: 7 years for the surface; 5 years for parts, labor, plumbing, and electrical; and 3 years for the monarch cabinets. A 2-year warranty is provided for the optional rock cabinets.

## LUXURY DESIGN

Platinum Elite's 2016 design includes satin stainless steel accents, new cabinetry, and a cover. Monarch cabinetry is made of resilient, high-quality material that ensures a long life for your spa. It's beautifully designed with a rich look and a textured feel. The all-new cover adds a sophisticated finish to the spa.

Dove Canyon

Quail Ridge

## MODERN LIGHTING

The DynaBrite lighting package provides the ultimate chromatherapy experience, illuminating the interior lights, control panel, cabinet lights, cup holders, pillowfalls, and waterfall.

## HELIX & HYDRO EXTREME JETS

Artesian Spas' patented Helix Jet System provides a rotating pulsing action, giving you a soothing, luxurious hydro-massage. Hydro Extreme Whirlpool Jets create a burst of water for a powerful therapeutic massage.

## TOTAL CONTROL

The innovative patented DirectFlow® technology provides each user with the ultimate individual control and hydrotherapy massage. The new Advanced Color Digital Touch Screen-Control System allows adjustments to be made with the touch of a finger.

# PELICAN BAY

## ENTERTAINING MADE EASY

Designed especially for large families, for entertaining friends, or for those who just like to spread out and move around, the Pelican Bay offers the most space of any Platinum Elite spa. This spa features an astonishing 71 high-performance jets and 5 individual controls for the massage seats. The Pelican Bay does not sacrifice therapy or performance for the sake of size.

- **Stereo System:**
  - 1) Premium Infinity® Sound System by Harman:**
    - Bluetooth Receiver, AM/FM, USB, Aux-in
    - (2) Pop-up Speakers, (2) 6.5 in. Exterior Speakers, Power Subwoofer,
    - Wireless Remote (Optional)
  - 2) bba™ Audio**
    - Fully Integrated Bluetooth Audio Streaming
    - (2) Pop-up Speakers, Subwoofer
- **Nature2® Cartridge**
- **Pump/Heater Valves**
- **Worldwide WiFi App Module**
  - Download app for smart device to control hot tub wirelessly
- **ProGuard 6 in. Maximum Tapered ASTM Cover**

# Crystal AOP<sup>™</sup>

## BRILLIANCE

- 1 Contaminants and large particulates are first trapped by the Microfilter.
- 2 Water is cycled through the high efficiency Circulation Pump filtering water up to 30 gallons per minute.
- 3 The patented FROG @ease Mineral Cartridge and SmartChlor<sup>™</sup>\* Cartridge sanitize and purify the spa water.
- 4 Air enters the unit where the UV Bulb converts it to Ozone and Hydroxyls.
- 5 Water enters the AOP<sup>™</sup> Unit through the injector, drawing Ozone and Hydroxyls from the chamber. Static mixer combines water, Ozone and Hydroxyls in a scrambled flow.
- 6 Water irradiated by Germicidal UVC converts ozone to Hydroxyl Radicals through Advanced Oxidation Processing. Contaminants are destroyed by intense Germicidal UVC, Ozone, and Hydroxyl Radicals.
- 7 Water exits the unit to the Mixer, where water and air is mixed to keep ozone concentrated and isolated in order to maximize purification and produce the purest sanitized spa water possible.

\*Where Allowed by Law

## Artesian Spas brings you the most progressive Crystal AOP Brilliance Water Purification System

This 7-step water management system combines the current Crystal AOP system and the patented in-line FROG<sup>®</sup> @ease<sup>™</sup> with SmartChlor<sup>™</sup> technology. The combination of Fresh Mineral Water<sup>™</sup> with SmartChlor<sup>™</sup> Technology provides self-regulating, cleaner, clearer, and softer spa water that's far easier to take care of.

# Wireless Control

## Worldwide WiFi App Module Option

The Worldwide WiFi App Module option, allows you to access your hot tub using an app on your smart device (Android™ or iPhone®) via a direct connection anywhere in the local proximity of your tub. Gain access anywhere in your house that you can connect to your local WiFi network, or anywhere in the world you have an internet connection to your smart device via 3G, 4G, or WiFi hot spots.

With the app, you can ensure that your hot tub will be ready whenever you want to take a dip. The app provides full interface control so you can set the temperature, turn pumps on and off, and even set filtration cycles—all from your smartphone or tablet.

- Set temperature
- Turn on/off pumps
- Set 24-hour filtration cycles
- Control LED lighting

\*The app's cloud access cost is free for the first 12 months and after that is \$24 per year. If not renewed after 12 months, the app will continue to operate in local mode only.

# Stereo & Streaming Technology

## Premium Infinity® Sound System by Harman

- Bluetooth® Receiver
- USB and Aux Input
- AM/FM
- 2 Pop-up Speakers
- (2) 6.5 in. Exterior Speakers
- Power Subwoofer
- Optional: Wireless Remote

## bba™ Bluetooth® Audio

**Stream music with the touch of a button. Artesian Spas brings Bluetooth® technology to your spa. Connect with smart devices of your choice and instantly enjoy your favorite tunes.**

- Bluetooth® Audio Streaming
- Fully Integrated into the Digital Spa Control
- Full Color LCD Spa and Stereo Control Panel
- 2 Pop-up Speakers
- Subwoofer
